

A large, rustic stone fireplace mantel is the central focus. On top of the mantel sits a large, rectangular portrait of a family of six standing in a grassy field. To the right of the portrait is a decorative black metal candle holder with two red candles. Below the mantel is a dark metal fireplace insert. The fireplace is flanked by two patterned armchairs. The background shows a two-story house with arched windows and a balcony with a railing.

What families say about Amy Kidd Photography...

“Amy is a very gifted photographer who captures the timeless shots that we will cherish for years...” — The Link Family

“Amy has done family portraits for us and also senior portraits for my son. I am constantly amazed by her ability to make everyone look natural but also their very best. She has an exquisite eye for photography, lighting, and backgrounds. Not only is Amy an amazing photographer but she is also so fun and easy to work with. She is always pleasant and our photo shoots are never stressful or awkward. I would never use anyone else!” — Jennifer C.

“Working with Amy was an absolute joy. Her warmth, kindness, and desire to get to know our family made our entire experience so wonderful. We loved that Amy encouraged our involvement throughout the process, took time to understand the vision our daughter had for her senior portraits, and worked hard to make that become a reality. Her professionalism, creative eye, and easy going nature during the shoot enabled her to genuinely capture our daughter's personality, in a truly beautiful way. Amy has given us a precious gift that I know we will cherish forever. — Beth M

“Amy, we are so pleased with our family portraits! They turned out beautiful all thanks to you. You were great with my kids and they loved smiling for you. You made the session fun and my daughter talks only of having her picture made with you from now on. Not only was the session enjoyable, but from the beginning the level of service you showed was beyond expectations. I enjoyed every moment, from helping me with outfit colors to hanging the pictures on the wall. Seeing the portraits through out the day are a continuous reminder to me of how thankful I am for my family.” — Sharla B.
